

VALEO LAUNCHES A MASSIVE RANGE EXTENSION FOR THERMAL SYSTEMS PRODUCTS

Valeo - Paris - march 2019 - Already boosted by a 150 part numbers launch in the last quarter of 2018, Valeo announces an acceleration of its thermal products portfolio for the aftermarket. Indeed 300 part numbers of compressors, blowers, HVACs ..., are already planned for 2019. This capacity to address the market, along with almost 60 years of expertise made Valeo the n° 2 worldwide in Thermal Systems*.

Valeo is taking up the challenge of a fast growing market and more demanding operations in workshops. Making mechanics day to day work easier is the core of the Valeo strategy, and goes through delivering the right coverage and providing clever services.

Among the new part numbers, Valeo focused on European fast movers like the heater for the VW Golf V and VI, Fiat Punto and Grande Punto 05<, Citroen C4 and Peugeot 307 as well as the blower for the Ford Focus III and the condenser for the VW Transporter IV.

Regarding services, Valeo keeps on updating its offer with strong benefits for garages and distributors:

- Improved visibility with a revolutionary view in Tecdoc® for our compressors featuring all main technical characteristics at a glance
- Newly added and updated technical information in Tecdoc® more than 4600 values added in technical characteristic especially on compressors and condensers
- Tech'Care, the Valeo Technical support program featuring amongst other services, Valeo Tech @ssist, the web platform giving free access to all Valeo technical information in just two clicks
