

## OVER 100 NEW REFERENCES EXPANSION FOR VALEO BRAKE DISCS

---

**Valeo Service - Saint Denis – July 2018 – Valeo expands its passenger car brake discs portfolio with 100 new part numbers covering some of the latest car models. As a leading global spare part supplier, Valeo provides the market with high quality braking products since 1923. The Braking Systems Specialist reinforces its one stop shop supplier positioning and helps distributors and their network enhance and strengthen their portfolio.**

The brake disc range is designed to suit each customer needs and ease workshops day to day servicing operations. It has now been extended with over 100 new references built in high quality cast iron for brakes that last longer, vibrate less and less noise occurrence improving the driver comfort.

The offer now consists of more than 1.050 references with a high European car park coverage comprising discs full, ventilated, drilled, including bearings and ABS Sensor.

Valeo Brake discs are fully compliant with the ECE R90 regulation and are designed for the most demanding performance in all driving conditions.

User comfort, quality, and range width are key elements of our disc range and embodies the Valeo Service global strategy, “We Care 4 You - Trust the Specialist”, which aims to satisfy users, workshops and distributors in the automotive aftermarket.

Because Valeo cares for each and every customer, the Aftermarket Specialist is committed to meeting customers’ needs and delivering the most suitable support:

- Improved visibility and readability on Tecdoc®
- Technical Hotline and Connected Assistance to get quick and professional answers about crosses, applications requirements or fitment issues
- Technical trainings and promotion with our longstanding automotive professionals trainers who know the aftermarket. Learn more on [valeoservice.com](http://valeoservice.com)
